# OUR READERS

Editor of The News.  
I am a reader of your paper, of course, and I am sure that there are no types of athletics. The first is clean sport and the second is unclean or unfair sports. In the event of the week end football schedule for the Salem Eagles was a very prominent showing of the last named type.

Perhaps a great number of the football fans of Salem and vicinity were greatly disappointed on account of the fact that the scheduled game of the Salem Athletics was not played at Centennial park, Sunday. Following is the reason.

Three weeks ago the Athletics scheduled a game and signed contracts to play a game at Salem, on Sunday afternoon the 12th. This game was scheduled after learning that the Salem Eagles (who for some reason claim to be the Salem first team) had no game scheduled. Last Monday the Eagles reported that they were to play at Washington on the 12th. With that understanding the management of the Athletics ordered advertisements printed for the game here with the Schering, Shaeffer, barbers. Thursday the Eagles report that they were to play the Akron Marlowe club here on the same date. Of course it was very late for the Athletics to break a contract with Schering.

Upon calling Mr. Bristol, service director, he suggested that the Athletic manager and a representative of the Salem Eagle team see him at his office at 9:30 Saturday morning. The manager of the Athletics suggested same to Captain Litty and the two decided to meet and go to Mr. Bristol's office together at that time. The Athletic manager waited for some time on Litty, only to learn that Litty had gone directly to Mr. Bristol's office and thereby securing a permit for exclusive rights on Centennial park grounds, from 2 to 4 p. m.

That is why the Salem fans were not favored with the game between the Salem Athletics and the Schaeffer Barbers.

It might be well to mention the fact that the result of the unfair sportsmanship of the management of the Salem football team was that the Akron Marlowe club failed to appear in Salem.

Perhaps, football fans, this will explain why cheated you out of your customary Sunday afternoon pastime.

Donaldsonville, La. — "I write with pleasure to praise your medicine—Lydia E. Pinkham's Vegetable Compound—which has done so much to restore my health. I was a broken-down woman until my husband brought me a bottle of your Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine. I had been having pains every month and at intervals between, was weak and seemed to be smothering at times, but in a week I felt like another woman. I also used Lydia E. Pinkham's Sanative Wash. It did me a lot of good too. I cannot praise your medicines too much and will be more than glad to recommend them to any woman who is suffering from female troubles. You may print my testimonial, as it is true."—Mrs. T. A. LANDRY, 612 Miss. St., Donaldsonville, La.

Note Mrs. Landry's words—"as it is true." Every letter recommending Lydia E. Pinkham's Vegetable Compound is genuine. It is a statement telling the merits of these medicines just as the women in your own neighborhood tell each other about them. For fifty years Lydia E. Pinkham's Vegetable Compound has held its merit.

### Searching For Man Bequeathed \$15,000

Cincinnati, Nov. 14.—A search, so far unsuccessful, is being conducted here for a man named Amasa Starks, known to have lived in this city in 1890, for whom a fortune of \$15,000 is waiting in Canada.

Attorney Charles F. Malsbary, who has been conducting the hunt for the missing heir, knows only that he was a broom maker, that he had a wife and one child and that he formerly lived here on Richmond street. He admitted Tuesday that he had little hope of finding his man.

### City's Greatest Sin Is Refusing Christ—Wollam

"The greatest sin it is possible for a human being to commit is to refuse to love God and to turn away from Jesus Christ. Salem's greatest sin is in refusing Christ."

These statements were made by Evangelist E. A. Wollam at the Friends church Monday evening, when he spoke on "The Judgment Day." "My friends, we are going to be judged by what we do with Jesus Christ: more than anything else," he said, "Jesus Christ is on trial in Salem tonight and during these meetings and what you do with Him now will decide what He will do with you after awhile."

"A preparation absolutely sure to protect you in that great judgment morning is to repent. We need the preaching of repentance today."

"Everyone in this audience has an appointment to meet God in judgment and it is going to be kept on your side and His."

"A great many people stay away from these meetings because they are afraid they will get under conviction. If you cannot stand the truth of God now how do you expect to stand in the judgment day?"

"The fact of death is a proof of the judgment. Once it is appointed unto man to die and after death, the judgment."

The Bible says that in the great judgment day we will be judged according to the deeds done, whether they be good or bad. We will not be judged by our standing in the community. The day is coming when man must stand for what he is and what he is alone. Things are not very well evened up down here. I believe there is a day in the future sometime when things are going to be evened up." The resurrection of Jesus Christ is one of the best proven facts of the Bible.

"Is There a Hell?" will be discussed by Evangelist Wollam at the Tuesday evening service. Wednesday evening his subject will be "God's Yard Stick."

### Which Flock Grows Wool With Profit?

To determine whether Ohio can still raise sheep with profit, and why it is that some farmers do so much better with sheep than others, 27 owners of fine wool flocks in Morgan and Noble counties have for the past year kept strict accounts, in co-operation with rural economists of the Ohio State university.

Their results, now compiled at the university and announced there, show that farms which feed a limited amount of good alfalfa hay, and which pay attention to the lamb crop as well as to the wool crop, are taking a fairly good thing out of sheep, even with wool and mutton prices as they have been in the past two years.

The five of the entire 27 farms which produced wool most economically showed a final production cost of 19.4 cents a pound. Wool brought an average of 25 cents a pound for the 12 months in which records were kept. It is bringing more now.

But the remaining 22 farms that kept accounts showed an average cost of 37.5 cents per pound of wool and hence lost money.

Comparison of individual records shows that the five best farms fed less hay, but that twice as large a part of this hay ration was alfalfa in the case of the less successful farms. Also, the best farms that made a profit raised an average of 41 lambs per 100 head of sheep, and the flocks that lost money raised only 39 lambs to 100 sheep.

### THEATRES

THE ATTRACTION AT THE GRAND THEATER TUESDAY AND WEDNESDAY

Is B. M. Proy's "Whirl of Gayety," featuring "Shorty & Izzy," those two incomparable comedians. Talk of upsetting the laugh box, these boys kept the audience in roars of laughter from the rise to fall of the curtain last night.

"Shorty" Yager is only three feet tall and the original "Jeff" of "Mutt & Jeff," but what he lacks in height is made up in comedy. He is the funniest little fellow seen here in a long time. His specialty during which he plays six different instruments, sings and dances with his partner, Miss June Kent, the girl with the syncopeated feet, is the hit of the show.

"Izzy" Lee is a Hebrew comic of first calibre and his drill way tickled the audience. The act of "Izzy" Lee and Lillian Watson, singing and talking, called for many encores. "Shorty" and "Izzy" are most capably supported by Lillian Watson, prima donna; June Kent, ingenue, and Chuck Connard, a fast working straight man who knows how to wear clothes.

The chorus of six girls is one of the prettiest seen on the Lyceum stage in a long time. 628h •

### The Granby

And the music of the Universe shall be thine. —Shelley

Every kind of music is perfectly reproduced—every make of record is perfectly played by the Granby Phonograph.

The sparkling soprano of a Tetraxint, the limpid sweetness of a Gluck; the richness of baritone or basso—the entire range of the singing voice is rendered in all the modulated beauty of the original. Instrumental music, chamber music or band are played with a fidelity that is amazing.

Its wonderful volume and clearness and its perfect motor control make the Granby ideal for dancing. The music pours forth in a golden flood. "Mellow as Southern Moonlight."

The Granby, in truth, strikes a new note—raises to a higher plane—opens new and heretofore unknown fields in the realm of the talking machine. It seems more than a machine—it seems almost human.

All we ask is that you make a comparison of Granby with any other machine—regardless of price. We have no fear as to your choice.

A Granby phonograph in your home will add immeasurably to the happiness of yourself and your family.
